

new schoolbags

Christmas will be another trip into the village. We will bring new school bags and new exercise books (for the upcoming term in March/April) to all the children at the school in Hill (about 40). We will get the bags sewn in Kathmandu and we are ready to get the transport going as soon as I get there.

All we need is some money. To get a school bag sewn will be about 8 Euros a piece. Then the transport will cost a bit, since I want to pay the Jeep driver and the porters their regular pay for carrying school bags and the (heavy) exercise books into the village.

Whatever anyone can donate .. it helps.

Just to let you know the next thing we are working on and spending extra money on.

Thanks to all of you for reading, caring, listening, donating, writing... :)

Andi
