

Kandi (English Version)

Kandi's first two quarter exams of her first school year at Kailash Bodi School are completed and WE are extremely happy to see that Kandi IS working hard and that her achievements are great considering that she started with very little "school required" knowledge in class 4. Kailash Bodi IS almost fully run in English which Kandi has not spoken very well, (yet), when she arrived in KTM. Her first two reports compared show how hard she must have worked to have achieved these grades! I am so very happy for her and am glad WE are able to provide her and Maya (at Marshyangdi School) with the necessary money to get this education!!! Thanks to all included! (All the teachers and helpers in Nepal too!)
